POLICE GRAFTERS LASHED: WILSON, GARRETT MORE

LARGE TYPE tells you the new tariff will cost the United States one billion dollars a year. It will, probably, and undoubtedly, that tariff contains many jobs, deals and mistakes.

Many of our emotions, according to Francis Bacon, make us indifferent to death; anger among others.

Each partner had 13 cards of the same suit. The man with 13 spades made a big slam. Mathematicians say the chances against such an occurrence are two thousand, two hundred and thirty-five million, trillion to one.

The British trillion is a million multiplied by a million multiplied by a million. With us it is only a million multiplied by a thousand.

The naval conference delegates are safe at home. Submarines were not outlawed after the war, says a pleasant talk about submarine.

Italy will build 22 new submarines, and three more powerful cruisers with no humanizing talk.

Mussolini appreciates the beauty of peace talk, and also appreciates the importance of national safety.

Twenty-two submarines will create more respect for Italy than twenty million speeches on international peace could create.

Jack Barstow establishes a new record in air gliding, remaining up more than 15 hours in a plane with no engine. The man isn't official, but the Germans will start in to beat it.

Meanwhile, Maj. T. C. MacAlister of San Diego sends news that Barstow will immediately try for a longer record.

News from India reminds the British of Bacon's warning that nations with great promises far away, are always in danger.

Warner Finishes a Long, Hard Job

Atty.-Gen. Warner. Bridgman, clerk of the House of Representatives, today. Warner's findings were transcribed on 60 pages. (Staff photo.)

Police Corruption as Bared in Report

"Oliver B. Garrett accepted graft from bootleggers and vice resorts, and I find that his pension was fraudulently obtained"

"Commissioner Wilson was officially and personally responsible for Garrett's conduct . . . he surrendered his duty and abdicated his respect. His must be the consequence."

"Rules of the police department have been ignored and unenforced by Superintendent Michael H. Crowley."

"Capt. George W. Patterson was grossly negligent and incompetent and shut his eyes to duty."

"There was evidence the bank deposits of Lieut. Daniel H. Hines were incompatible with those normally to be expected of one ostensibly relying upon a lieutenant's salary for livelihood."

"There was evidence graft was paid directly to Sergt. Arthur Timmons and Special Officer Arthur Tierman."

FORMER LIQUOR SQUAD HEAD CALLED GRAFTER, CROWLEY RAPPED

Governor Allen this afternoon ordered Police Commissioner Wilson to report to him at 10:15 o'clock tomorrow morning to explain the charges made by Atty. Gen. Warner in the Garrett report. Many believe that the commissioner will resign or be removed from office at that time.

Text of Atty.-Gen. Warner's report on pages 2 and 3.

Oliver B. Garrett was a grafter, of his position from the Boston police force was obtained by fraud, Atty.-Gen. Joseph E. Warner reported to the Legislature today.

His report of findings of fact adduced from his investigation of Garrett is a bitter arraignment of Police Commissioner Herbert A. Wilson, Supt. Michael H. Crowley, Capt. George W. Patterson and others.

He found Commr. Wilson inefficient and personally, as well as officially, responsible for Garrett's activities, and that the commissioner made a "self-surrender" of his duty and his respect.

The report charges that "there was testimony that graft was paid directly to Garrett, to Officers Timmons and Tierman . . . there was evidence that certain other officers connected with Garrett's squad were guilty of accepting bribes and were conniving with law breakers."

Patterson is accused of having been "grossly negligent and incompetent." Superintendent Crowley is also accused for not pushing the Garrett charges. The bank accounts of Lieut. Hines are open to severe scrutiny, the report recommends.

Immediate grand jury action demanded by the Boston Evening American was indicated by Warner and his findings, transcribed upon some 60 pages, Make Wilson's resignation or removal a certainty. Equally certain is a revision of the entire police department.

While the House was voting to have the report printed at once and sending it to the committee on rules, which will hold a hearing on it, Governor Allen summoned Commr. Wilson to report at length tonight and is expected to receive or demand the police commissioner's resignation during their conference.

From at least as early as 1910 until the end of his service, the police force, Garrett was giving graft from bootleggers and houses of ill fame, an built up his fortune, Warner reports.

"I find that Garrett's position was fraudulently obtained and that the charges against Garrett were dismissed through the active intervention of . . ."

MILNE FOR PROSECUTION

Senator Joseph J. Mulhern of D. N. C. today called for the release which resulted in the attorney-general's investigation of Oliver B. Garrett, today demanded "vigorous criminal prosecutions."

"A complete reorganization of the Boston police department must follow the findings in the Garrett investigation. The fight which began last August for its protection and happiness of the police force in Boston has been with the police commissioner and high ranking subordinates."

"The responsibility for the deplorable conditions which have squarely placed upon the police commissioner and high ranking subordinates."

"The splendid body of men which makes up our police department will come into its own under the guidance of a new police commissioner and reorganization of the department."

"It is particularly impressed with the timely, courageous suggestion of the attorney-general concerning more adequate compensation for the members of the department."

"Vigorous criminal prosecution of those who have violated the public oath by participating in graft taking, and to suppress vice and corruption must begin at once. The citizens of our city will be very watchful because the result means much to the happiness of our people."

MRS. M'CORMICK CAMPAIGN COST HER \$252,572

Washington, May 1 (AP)—Mrs. Ruth Hanna McCormick, successful candidate in the recent Illinois senatorial race, told the Senate campaign fund committee today she spent \$252,572 from her own pocketbook in that race.

The Republican nominee, who was the first witness before the committee, said she received no contributions except some from members of her own family.

She added that she was supported by only two organizations in Cook County—the Voters Progress Club and the Ruth Hanna McCormick Volunteers.

Mrs. McCormick read a statement in which she urged that every citizen be enabled to provide a cover scrutiny of all campaign activities by senatorial candidates.

"It could not be under the law to make a statement of expenditures in my recent campaign," she said, "for I do not know what period such a statement should cover. When does a candidate for the Senate become a candidate?"

Sen. Deussen informed the committee that his joining campaign against Mrs. McCormick cost him a total of \$24,032.

The largest item in the expense account filed by Mrs. McCormick was one for \$107,310 for "consulting budgets." She explained this was for organization activities in the various counties.

Lynn Woman Autoist Arraigned as Drunk

Florence Hunt of Boston, Lynn, was arraigned in Malden court today on a drunkenness charge. Police claim the automobile she was operating left the road, climbed the sidewalk and damaged the porch and shrubbery at 7 and 9 Marshall st., Medford.

The case was postponed one week for investigation and police said further charges would be preferred.

Banker Plunges 12 Stories to Death

New York, May 1 (AP)—Louis Kramer, 40, a retired banker, was killed in a fall today from a window on the 12th floor of a fashionable apartment house in Park ave.

Detectives who investigated said they believed Kramer became dizzy while standing at an open window and fell.

Washington, May 1 (AP)—During its trans-Atlantic flight to South America and the United States last month, the Graf Zeppelin will be in constant communication with American naval radio stations.

This will be the fourth trans-Atlantic voyage for the German dirigible. Dr. Eckener again will be at the controls.

KEEN and ALERT at "FOUR" the day's grind demands men of unusual Vitality

"Oh! fine"

you want to feel the same way

BUSINESS today requires that the successful man be physically fit and mentally alert.

Men, especially, forget themselves physically. Their work demands practically all their time. They do not exercise enough. They get little or no sunshine. They are robbed of a good appetite, and when their red-blood-cells fall below normal their flesh becomes flabby, their nerves unsteady. Their strength must be reinforced.

Soundness of body and peace of mind depend upon the proper number of red-cells in the blood—2,000,000 to the cubic millimeter.

They give blood its color and are carriers of nourishment to every part of the body. It is dangerous to let the red-cell count remain below normal.

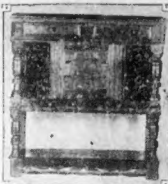

With an increase in the red-blood-cells, you will be on the right road to health. This is Nature's way to body power and to clear skin. Naturally, with your strength restored, it is easier to fight disease and infection; to enjoy your food and to sleep soundly. When firm flesh takes the place of that which was once flabby, you will feel strong—your nerves will become steady—more happiness and friends will follow.

S.S.S. has been a blessing to millions who have taken advantage of its wonderful medicinal properties. It helps Nature build rich, red-blood-cells; it promotes healthy body building.

You will be pleased to know that S.S.S. is made from strictly fresh vegetable drugs. It is easily assimilated. Pleasant to take.

Daily Antique

Here is a late 17th century development of the New England chest. It is called a Court Cupboard, and it served the same general purposes as the more recent chest of drawers. This type of chest or cupboard went out of fashion in the early 1700's to make way for high chests of drawers, which became objects of great beauty and usefulness. The chest of this type was ultimately revived in slightly different form in the old-fashioned sideboard. The piece pictured is to be seen in the English 17th century furniture gallery of the Boston Museum of Fine Arts. (Photo from Boston Museum of Fine Arts.)

In connection with the Massachusetts Tercentenary Year, the Boston Evening American is publishing daily photographs of interesting antiques. Owners of genuine antiques, particularly of Colonial or early American origin or of historic association are invited to forward photographs and records for publication. If a photograph is not available, the Americans will send a camera: to photograph the antique, provided the owner lives in Greater Boston. Address the Antique Editor, 5 Winthrop st., Boston.

U. S. STEEL'S EARNINGS GAIN

New York, May 1.—The United States Steel Corporation earned \$2.44 a share on \$270,878 shares in the first quarter of this year. It was announced here. Net earnings for the quarter totaled \$140,115,297. In the same period, Bethlehem Steel reported the other day share earnings of \$2.60. United States Steel share earnings exceeded the estimate which had been current in the financial district and indicated that the corporation has been doing a satisfactory business in the first quarter.

COONLEY SEES BUSINESS AS A PROFESSION

Washington, May 1 (INS)—One of the most difficult and important problems of the day is the seasonal and cyclical changes in employment, Howard Coonley of Boston told the United States Chamber of Commerce today.

Pointing out that for generations stabilized currency has been considered the very foundation of a nation's success, Coonley said few realized what a comfortable superstructure would be created by having stabilized demand, stabilized prices and stabilized employment.

Such a Utopia could never be reached, he said, but in view of changing conditions and growing enlightenment a move in this direction is possible.

"To establish a starting point we must go to the roots of many problems," he said. "Fortunately, these are days when business is gradually becoming a profession."

"Recent statistics prove that greatest demand is in the high schools and colleges is for courses in business education. The majority of our progressive corporations are making broad use of this modern business training."

Spanish Princess Engaged to Italian

Madrid, May 1 (AP)—Well-informed persons connected with the royal palace today indicated that announcement could be expected within a short time of the betrothal of Princess Beatrix and the Italian Duke Spoleto, recently a visitor to Spain.

Presents Naval Pact to President

Senator Robinson Secretary Stimson President Hoover Secretary Adams
The official copy of the London naval treaty is shown being handed to President Hoover, for his study, by members of the delegation. The presentation ceremony took place on the lawn of the White House, with members of the U. S. treaty delegation calling on the President. (A. P.)

SENATE IS GIVEN NAVAL TREATY

Washington, May 1 (AP)—Amidst the American government was the first to approve the naval treaty of London. President Hoover ordered the pact submitted to the Senate today within 24 hours after it was placed in the hands of the returning delegates.

In asking for Senate ratification, he drafted a short letter ordering the work of the delegation, which represented him in London.

Chairman Dorian of the foreign relations committee, to which the treaty came as a matter of course, said every effort would be made for action at this session.

THE final test of a motor fuel is actual use. Test Atlantic on a hill, for instance, and see how your motor climbs on high. Try it for pick-up. Note how much more rapidly your speedometer shoots from five to fifty. Check the number of miles you get from every gallon, then compare the results with any other gasoline.

A balanced Gasoline

The reason why Atlantic gives more power and mileage is the fact that it is balanced. It has a continuous chain of boiling point fractions—low enough to insure an instant start and complete vaporization—high enough to give an abundance of power and mileage. That is why it leads in every efficiency test.

THE ANTI-KNOCK TEST

Fill your tank with Atlantic Gasoline and test it on the nearest hill. Start slow—accelerate—note the "knockless" quality as you gather speed.

Work Affected when Sleep is Disturbed

Don't neglect burning pains and night rising due to bladder and kidney weakness. Correct such ailments at once before they become serious. Doctors for half a century have prescribed Santal Midy for quick relief. Get it at your druggist.

End Oily, Sallow Skin

A little Calmet powder applied on a wet cloth and rubbed gently over the face each night adds silky, oily skin—puts pore life into sallow skin, and cleans the pores of all dirt, dirt and prevents blackheads. It makes the skin feel refreshed and bright, so you will enjoy a good night's rest.

New Kind of Salts Taking Country By Storm

They Revitalize the System—Induce Youthful Activity—Keep Body In Splendid Condition—Free From Fat.

It doesn't take long for Americans to wake up to a good thing—only a few months ago Kruschen Salts were introduced into this country and the welcome news of their superior goodness and swift rejuvenating power traveled so fast that at one time the supply was many carloads behind the demand.

All of which goes to prove that Americans know good salts when they take them and want their weak to benefit also.

Kruschen Salts are different from other salts—Kruschen is six salts in one—the very same six salts nature put into the human body at the beginning of creation and demands you keep them there or your health won't be as good as it should be.

Unlike most salts Kruschen isn't simply a laxative—if that's all you

want any old kind of salts with any kind of a label will do—but is that all you want?

When you take Kruschen Salts you not only stimulate your bowels, liver and kidneys to function naturally and perfectly, but you supply every internal organ, gland, nerve and fibre to the body with nature's own revitalizing and rejuvenating minerals.

A bottle of Kruschen Salts that lasts 4 weeks costs but 50¢ at any drug store. In America—take one-half a teaspoon in a glass of hot water every morning before breakfast—in just a few days indolence changes to activity and life grows brighter.

Before the bottle is empty you'll feel years younger—eyes will brighten—step grow sprightlier—nerves steadier—you'll sleep sound, under your meals and after a hard day's work you'll be ready for wholesome recreation—one million Americans know all this—ask your druggist.

COACH-AND-4 USED BY GOV. AT DINNER

Chief Executive and Guests Ride Into Horse Lovers' Dinner

ONE OF THE IMPORTANT features of the Horse Lovers' dinner which occurred last evening in the Hotel Statler ballroom was the arrival of the governor and his party in a coach-and-four. Just as the guests were wondering if the occupants of the head table had lost their way to this unique party, the curtain on the stage rolled back to reveal the coach and four real horses bringing the belated members. With prolonged applause, the merry party found their places and the festivities began.

MISS CAROL STONE, daughter of Fred Stone, the actor, made a pretty picture on Betty Scudder's Arabian pony and took several rounds of applause for her ability to make the pony do his stunts, which was being time to the playing of the "Star Spangled Banner." An evil chorus was sung by a male quartet, and music was furnished by a re-coated band.

THOSE HOLDING BOXES, which were fitted up as they sat at the Horse Show, were Mr. Hugh Bancroft, Mr. W. J. Macdonald, Mr. John B. Macomber, Mr. A. L. Lewis, Mr. A. L. Danforth and Mr. E. H. Talmage. "Old West Show" came after the dinner, in which rode Tom Pilon, an armored knight, Dan Neddy, an armored knight, and George Washington. A miniature horse show was held in the hall, which was tankered and fenced off in realistic manner. A good time was had by all and nothing was lacking to make the party merry.

Eleanor Drinkwater Will Wed on June 14

MISS ELIZABETH DRINKWATER, daughter of Mr. and Mrs. Horace Drinkwater of Cohasset and Baiton, will be married on Thursday, June 14, for her marriage to Edward G. Drinkwater, son of Mr. and Mrs. Edward Drinkwater, of Toledo, Ohio. The wedding is to take place at 4 o'clock and the ceremony will be performed at the estate at Cohasset. Miss Drinkwater is a member of the Junior League and made her debut in 1928. Her engagement was announced last September.

THE JUNIOR LEAGUE GAVE the first showing of the fairy play, "The Naughty Princess," yesterday, at the Elizabeth Peabody Playhouse and children from the Elizabeth Peabody Settlement House made up the happy and colorful South End House and Cambridge Jamaica Plain and South End Neighborhood, Lincoln, Ella Memorial, North Bennett Industrial and North End Union are all sending their children at 4 o'clock today, when Denison House, the Little House, the West End, Trinity and Roxbury Neighborhood, and the Little House will be represented on Friday. The public performances will be given on Saturday. Girls from the ranks of Boston's society are in the cast and they also made all of the scenery and costumes.

Mrs. Gushman to Lecture Tonight

THE MASSACHUSETTS SOCIETY of Mayflower Descendants will be entertained this evening at the Women's Republican Club with a lecture by Mrs. Robert Gushman, wife of the governor of the society. Mrs. Gushman will give her so often requested illustrated talk on the "Development of American Furniture, Pilgrim Pine and Federal Mahogany." Members of the committee include such well known names as Mrs. Walter C. Baylies, Mrs. Henry Endicott, Miss Clara Endicott Sears, Miss Caroline Ticknor and Mrs. Alden A. Thorndike.

BOSTONIANS ARE DELIGHTED to hear that Miss Anita Potts is marrying a Boston man. Anita came out in Boston two years ago. Mrs. Amor Hollingsworth of Hyde Park was one of those entertaining for her. According to reports the wedding will take place on May 24. John Hunt Marshall will be the lucky man.

ORCHESTRA IN MRS. GUILD IS HUB DEBUT

BY MORSE SMITH
The Symphonie Francaise, a remarkable chamber orchestra made up of members of the Boston Symphony Orchestra who have won first prizes at the Paris Conservatoire, gave its first concert last evening in Hancock Hall, under direction of Aaron Lask. To complete the Boston Symphony touch to the proceedings, Bernard Ziegler played the accompaniment for solos by Norbert Laugel, violinist. These solos included an Andante by Faure, a long, involved, somewhat repellent Fantasia by Gaudier, played for the first time in Boston, and pieces by Paderm, Lili Boulanger and Wieniawski. Mr. Laugel proved a highly efficient performer and excellent interpreter. The proceedings of the orchestra were more questionable. For one thing, the program, made up almost entirely of French pieces, was monotonous in character. For another thing, it was far too long. For another, you want more of the music was of mediocre or poor quality. Suzanne Smett "Suite Orientale," which was given its first performance, struck us as almost infantile. Paul Alen's Prelude to "Il Filiteo," written in the Italian manner after Chalkovsky, was disappointing stuff. Even Saint-Saens' "Yellow Princess" did not appreciably raise the standard. Debussy's more charming music, "The Box of Toys," was a relief after this musical inconsequentiality. Other numbers were Vivaldi's Concerto in A minor for organ and strings, with Albert Snow as organist, and LaLo's Norwegian Rhapsody. The orchestral performance was competent without being brilliant.

Batiste and Organdie Are Popular This Season

From Paris Bureau, Boston Evening American.

Paris, May 1.
We are continuing to cotton, judging by its prevalence in various guises in the current collections. And so, King Cotton, who is being given remarkably fine treatment, is in little danger of being deprived of his extensive kingdom.

It has been many seasons since we have seen such use made of organdie, cotton net, pique and batiste, especially the embroidered variety. Voile, too, is coming in for its share of exploitation, as is cotton broadcloth for frocks for the very young set.

Many of these fabrics are printed in various designs and patterns. Of all the cottons, however, batiste and organdie emerge with signal honors and the assurance of spending a very pleasant season.

Organdie is being used in combination with various silk fabrics as well as supplying the light relief to tailored frocks of dark materials, as it is a material capable of lending a crisp accent to even the most commonplace and indifferent dress.

The model shown today, which is from the establishment of Bruyere, is a particularly happy creation and very suggestive of the new season. It is of a new crepe de chine called crepe amazone and is cleverly combined with white organdie, which is stitched in black and trimmed with flat white linen buttons. Stretched inverted pleats, starting on the blouse are released half way down the skirt and fall into unpressed folds that help the skirt to achieve a graceful hang.

With the frock from Bruyere is worn a two-thirds length coat of the same material with an attached cape reaching to the hips. The standing collar and edge of the cape are trimmed with silk work.

A TWO-THIRDS LENGTH COAT of same material is worn with the Bruyere frock with an attached cape. (Sketched in Paris).
FROM BRUYERE comes this happy creation of crepe amazone, cleverly combined with white organdie. (Sketched in Paris).

Traffic Circle to Relieve Congestion

A traffic circle will be constructed at the junction of the Fallow River Beach Parkway and Middlesex ave. in Medford, at a cost of \$40,000, it was announced today. A survey is being made by the Metropolitan District Commission, and work is expected to be completed within a month. The commission believes a traffic circle will eliminate delays at this point and do away with accidents.

Burning Auto Sounds Own Fire Alarm Saving Barn

A burning automobile sounded its own alarm and prevented the destruction of the barn in which it was parked at 26 Walte st., Malden.

A passing motorist heard the continued sounding of a horn and saw the blazing car in the barn. He drove to the Maplewood fire station and gave the alarm. Firemen saved the barn, owned by D. Edward Callahan, but the car, property of Frank Callahan of Walte st., was destroyed. It is believed, crowd wires started the fire and then sounded the horn.

Hoover to Attend Exercises on Common July 15

By NANCY BREWSTER
President Hoover is expected in Boston July 15 as tercentenary guest of Massachusetts, Miss Ryall, 12 Holmes of the state celebration board told the Ladies' Union Club. The Chief Executive will participate in exercises on the Boston Common commemorating the 300th anniversary of the establishment of the first government in the country.

There have been many pronouncements of the word "tercentenary," one of the four syllables, but should you follow the truly English pronunciation and the one Dr. Fisher, abbot of able historians, say, with the long mark placed in the second and the accent on the third syllable.

This bit of information did Miss Holmes impart.
Sunday, June 1, a great religious meeting will be held on the Common, Miss Holmes said.

SENATE VOTE NEAR ON PARKER

Washington, May 1 (AP)—The Senate's hard-fought conflict over the nomination of Judge John J. Parker as an associate justice of the Supreme Court went on unabated today with a vote near at hand and the outcome clouded in uncertainty.

A large proportion of the senators believe were held by Democrats and as an indication of how they would vote a decision in the position of Senator Joseph R. Robinson, the Democratic leader, was eagerly awaited. Robinson returned to the Senate late yesterday from London, where he was a delegate to the naval conference. Two Democratic members, Wagner of New York and McRee of Tennessee, joined the opposition this morning and delivered addresses urging that the nomination be rejected.

Nation-Wide Celebration Marks Today as Child Health Day

It was President Hoover that designated today, May 1, as Child Health Day, urging parents and child organizations to aid. Fresh air and sunshine, that cost nothing; regular hours, long and regular sleep. Yes, afternoon naps for children are all advised by experts. Good simple food, eating slowly, all come under the list of advice to the mothers for their children.

DOCTORS MAKE WAY TO HOMES TODAY

In Parting Words Advise Young Medicos to Turn Toward Country Practice

Met and paid tribute, the old family doctors of New England were on their way to their various homes today, having been guests of the New England Medical Center.

Dr. Merritt H. Kelly, 97, of Middlebury, Vt., the oldest of the physicians, who was selected to lay the cornerstone of the proposed medical center, had recovered from the strain of the enterprise.

Accompanied by his son, Dr. Stanton Kelly, he returned to Middlebury to resume the practice which he has carried on for 65 years.

Dr. William E. Fellows of Bangor, Me., who was accompanied to Boston by his granddaughter, Miss Betty Spangler, was met at the Statler by another granddaughter, Miss Marshall F. Wilder of Cambridge, whom he had not seen for some time.

There were a number of women among the guests. Dr. Eddy, the oldest being Dr. Mary S. Danforth of Manchester, N. H., and Dr. Ellen A. Wallace, of the same city, practicing 55 and 45 years, respectively.

TOO MUCH SPEED. The youngest son, Dr. Dorothy L. Green of 443 Beacon st., Brookline, who has been practicing six months. Another youthful medic was Dr. Olive Cooper of Boston, who is connected with the Department of Health.

Dr. Eddy, before leaving Bangor, Me., was accompanied by his granddaughter, Miss Betty Spangler, who is a graduate of the University of Michigan.

Dr. Mary S. Danforth, oldest woman practitioner in New England and known as "the good Samaritan of Bangor," was accompanied by her daughter, Miss Betty Spangler, who is a graduate of the University of Michigan.
